

## Introductory meet on Space Technology for teachers of High Schools/PU Colleges

Planet Aerospace conducted a one-day introductory meet on Space Science & Technology for teachers of high schools and PU colleges on 30<sup>th</sup> July 2024. The meet, held at Hotel Paakashaala, Kanakapura Road attracted over 35 teachers from different schools and colleges. The meet began with an introduction to Planet Aerospace and its objectives of sharing scientific knowledge with the society. Presentations were made by Planet Aerospace members supported by appropriate exhibits to convey the intricacies of space technology and its applications. During the ensuing discussions, several teachers expressed their desire to conduct workshops at their schools in association with Planet Aerospace for the benefit and awareness of their students. Planet Aerospace will be happy to be associated with such activities
